Position Title: Systems of Care Mental Health Liasion

Requirements: Master of Social Work, Licensed Clinical Social Worker credentials highly preferred. Experience working with multiple systems of care in the coordination of student and family mental health needs. Applicant must have the ability to use clinical expertise within a generalist perspective. Prefer school-based clinical experience inclusive of working with diverse populations. Prefer strong managerial skills and excellent communication and organizational skills.

Position Focus: District wide development, facilitation, and coordination of school-based and community based mental health services for elementary aged students utilizing a Systems of Care framework. District-wide facilitation and monitoring of school-based family resource center model as it pertains to school-student-family community linkage and support programming. Coordination of staff development as it relates to student mental health.

Compensation: \$60,000 - \$65,000 (based on full year of employment pro-rated for less than one school calendar year)

Contractual one year position

Continuation of this position is dependent on grant funding and performance.
